## CHAIRMAN, MANAGING COMMITTEE

Karve Institute of Social Service is a premier social work institute and well known for imparting best training and education related to social work. Our institute is recognized among top ten social work education institutes in India.

The global burden of disease from neuropsychiatric disorders was estimated to be 6.8% in 1990. Psychiatric disorders account for 5 of 10 leading causes of disability. The overall burden for neuropsychiatric disorders is projected to increase to 15% by the year 2020. The Mental Health professionals may play vital role by using preventive measures and treatment modalities to reduce the projected ratio.

In current scenario, the Mental Health Counseling is a fast growing field where there is a requirement of Mental Health Counselors to resolve various psychological issues of the individuals.

The Bureau of Labor Statistics has predicted that jobs for mental health counselors will grow by 36% in the current decade.

The Post Graduate Diploma in Counseling and Mental Health course (PGDCMH) run by Karve Institute of Social Service is a very good platform for the students who are planning to do career in the field of Mental Health. Here they can study and learn the counseling concepts through our diverse, versatile and distinctive techniques. This enables them to create hope in the lives of many people.

As far as job opportunities are concerned, our students get opportunities to work in their field of training institutes. Some of the students are promoted in their respective jobs. The PGDCMH course degree is an additional qualification for the professionals in the field of Mental Health.

I take this opportunity to wish all the best to the Third batch of Post Graduate Diploma in Counseling and Mental Health course (PGDCMH).

**Mr. Sadanand Deshpande,  
Chairman, Managing Committee  
Advisor, Counselling Course  
Karve Institute of Social Service, Pune**

## **Secretary, KINSS**

Karve Institute of Social Service is recognized as one of the top 10 Social Work Institute in Social Work Education. The Institute has been working to create academic platform for Counselors and other Mental Health professionals working in Counseling Centers, Therapy Centers, Child Guidance Clinics, Rehabilitation Centers and De addiction Centers to ascertain linkage and to fabricate new podium through our Counseling course.

Institute formed “Manodaya Mental Health Forum” of Mental Health Professionals working in Pune region under the umbrella of NGO resource centre of our institute to promote Development sector and Mental Health Excellence for sustainable development and edify Mental Health professionals, Non- Government Organizations, Civil Society and Local Self Government Organizations on Mental Health and Counseling dimensions’. We have designed the Mental Health Counseling course with input from thought leaders and field experts of “Manodaya Mental Health Forum” in the Mental Health field.

The Counselors and other all Mental Health Professionals are like hallowed field where people are served with best counseling and mental health services to people in need

The field of counseling is a wide area of Mental Health and it is expected that mental health Professionals including counselors should possess sound knowledge and specialty of the field, additionally the multi skilled approach, ample skills, abilities and capacities to confiscate the cases will prove the elegance of the professionals.

New federal regulations allow qualifying mental health counselors to serve as mental health practitioners, providing services without referral, under the TRICARE program and our Counseling Course (PGDCMH) may be a useful and additional milestone in the field.

We try to make confident professional counselors who understand principles of human development, psychology, mental health and change theories, and can establish effective helping relationships with people from diverse cultures.

It gives me immense pleasure to launch the Third year batch of Counseling Course (PGDCMH). I am sure that the course will put together a cadre of proficient experts with shared values among all the stakeholders of society – NGO and Mental Health Professionals to make constructive psychological upshot for sustainable psychological development.

I wish the best wishes to the upcoming batch and team PGDCMH!!!

**Mr. M. Shivkumar**

**Secretary, KInSS**

**Member and Advisor, Counselling Course**

**Karve Institute of Social Service, Pune**

The Mental Health counseling is the more committed approach to act ethically and contribute to manage cognitive error and improve the thought process of individual while improving his/her mental health status and quality of Life. Sound mental Health of individual supports keeping person socially, psychologically and mentally healthy and increase the level of understanding to think positively. The result of few Studies shows that positive thinking pattern is an output or outcome of good counseling.

Karve Institute of Social Service along with the Mental Health Forum Pune, has been making efforts to mainstream the espousal of responsible governance practices by the Mental Health Professionals, non-profit organizations, Rehabilitation and Drug De addiction Centers . Introduction of Mental Health Counseling course modules are a step in this direction. Although there is a growing consciousness in the area of Mental Health and Counseling among the Indian Mental Health professionals, Organizations, professionals Bodies and society in general, there is a need to impart knowledge, generate awareness and develop competencies among all the players - Governments, Mental Health Organization's, Independent Professionals and other stakeholders together so that they can synthesize their efforts to make a significant impact towards the national goals of inclusive growth and development.

Karve Institute of Social Service is a India's premier Social Work education Institute and Offering MSW, MPhil, and PhD courses in Social Work, Also we are offering certificate and Diploma Courses in Corporate Social Responsibility (CSR). We have launched the Post Graduate Diploma course in Counseling and Mental Health in year 2016 and the PG Diploma course modules are designed especially accordingly for Independent Counselors, Mental Health Professionals, Volunteers, NPO's, NGO's, Govt. officials, welfare organizations or person desirous of engaging in Counseling or Mental Health Counseling initiatives and projects.

It gives me immense pleasure to announce admissions for 3<sup>rd</sup> batch of counseling course. I believe that the modules which are designed with an eye on the future to provide competent Counselors and Mental Health Professionals will be the very good platform for dialogue, interaction and partnership between governments, civil society organizations, NGO professionals, academicians and other stakeholders for the cause of sustainable social development.

**Dr. Deepak Walokar**  
**Director**  
**Karve Institute of Social Service, Pune**

With the increased complexity of life, survival challenges and daily hardships, mental health issues represent the greatest global burden of diseases that affect anyone irrespective of race, gender or age. An estimated 6.5% of India's population suffers from mental illness and by the year 2020 it is expected to reach a staggering 20%. In recent times several policies re-emphasize the need for consolidated services in the existing health care paradigm, like the Mental Health Care Act 2017 that emphasize on the need of a multidisciplinary team to provide mental health care services that will integrate mental health into primary health care and strengthen the same. Census shows that there is a lack of manpower in the mental health care field and it requires huge number of trained professionals to handle the crisis.

In Pune city, there are few mental Health organizations/ Institutions like various Counseling Centers, Rehabilitation Centers, Drug and De-addiction Centers which offers Mental Health services like, Child and Adolescent Counseling, School Counseling, Life Skills Education, Moral and Value Education, Individual- Group and Family Counseling, Couple Therapy/Counseling, Interpersonal therapy, Parental Counseling and even Industrial counseling. And in relation to some primary observations we thought to develop the particular counseling course of its unique in the field which can offer the advanced guidance and practical field work exposure from some existing field practioners or field experts of these institutes, Mental Health set ups and strengthen the field too.

Under the institute banner field action projects creates an opportunity for the students of the course for practical exposure. Our Institute has department of Medical and Psychiatric Social Work and Family and Child welfare as well as institute's own Family Counseling Centre for the study on the practical field exposures. We have trained and expert specialized faculties who maintain the uniqueness of this Mental Health Counseling Course. Professional assistance and Guidance from recently formed "Manodaya Mental Health Forum" is also an additional benefit for the students enrolled for this course.

It gives me immense pleasure to share that we have successfully completed two years of our Post Graduate Diploma in Counseling and Mental Health (PGDCMH) course, which is totally practical, experience based, unique and useful to all the Counselors and other Mental Health Professionals. I am sure that this course will develop better understanding, appropriate insights and advanced field knowledge among the professionals to act effectively for the Counseling and or mental Health Counseling initiatives.

**Dr. Mahesh Thakur**  
**Hon. Director / Course Head**  
**CSR Cell/ NGO Resource Centre/Counselling Course**  
**Karve Institute of Social Service, Pune**

## **COUNSELING COURSE(समुपदेशन)**

NGO Resource Centre of Karve Institute of Social Service is offering unique and different counseling course to bring innovative and new concepts of the field in academics and strengthen the capacities of upcoming as well as existing mental health professionals with maximum knowledge and skills. It is observed that no standard practical design oriented counseling course model used from majority of the training institutes and there is need to discuss and share the new trends, knowledge and practice methods to minimize this type of practical field gap. It is expected that new concepts, ideas and practices will be shared and discussed with the interested students/ professionals to make them more confident, capable and deal effectively for this field with these unique learned, practice based counseling skills and other practice methods.

The Post Graduate Diploma in Counseling and Mental Health (PGDCMH) course is its kind of first course in the state of Maharashtra where we have designed the ideal, practice oriented, need based and holistic course modules for upcoming and working Mental Health Professionals associated with various Psychiatric Hospitals/Psychiatric Units/Departments of Psychiatry in Medical Colleges / Rehabilitation Centres / Drug and De addiction Centres/ Industries / NGO's, Govt. officials and other organizations or individuals who do not have psychology or psychiatry background but interested to make career and desirous in engaging Counseling initiatives/projects in the field of mental health

Employers/ Owners/ Management authorities of various Psychiatric Hospitals/Psychiatric Units/Departments of Psychiatry in Medical Colleges / Rehabilitation Centres / Drug and De addiction Centres/ Industries / NGO's would be permitted to depute their employees for such training course.

### **OBJECTIVE**

The objective of the Post Graduate Diploma in Counseling and Mental Health Course is to fortify the advanced counseling skills, capacities and competencies of professionals entering in the field of Counseling and Mental Health
